H. H. FRY, Secretary Central Committee.

The above statement shows actual work of the Women's Societies and Boards as given in detail in their separate reports. The expenses of these Societies and a small amount disbursed directly by them do not appear in the statement of the 1 reasurer of the Assembly's Board.

<sup>\*</sup> The Woman's Foreign Missionary Society of Philadelphia also gave during the year for Clara Linton Hamilton Memorial Building, China, \$3,585.54, and for church at Shweifat, Syria, \$2,000, which, however, was not appropriated by the Board until after May 1, 1890, and will appear in accounts for 1890-1891.

<sup>†</sup> The Occidental Board, heretofore reporting through the Philadelphia Society, collected a larger amount than here stated, but disbursed the same for work under appropriations, without being sent through the Assembly's Board. This will be changed in the methods of the current year.

An Act to incorporate the Board of Foreign Missions of the Presbyterian Church in the United States of America:

Passed April 12, 1862.—Chapter 187.

The People of the State of New York, represented in Senate and Assembly, do enact as follows:

Section i.—Walter Lowrie, Gardiner Spring, William W. Phillips, George Potts, William Bannard, John D. Wells, Nathan L. Rice, Robert L. Stuart, Lebbeus B. Ward, Robert Carter, John C. Lowrie, citizens of the State of New York, and such others as they may associate with themselves, are hereby constituted a body corporate and politic forever, by the name of the Board of Foreign Missions of the Presbyterian Church in the United States of America, for the purpose of establishing and conducting Christian Missions among the unevangelized or Pagan nations, and the general diffusion of Christianity; and by that name they and their successors and associates shall be capable of taking by purchase, grant, devise, or otherwise, holding, conveying, or otherwise disposing of any real or personal estate for the purposes of the said corporation, but which estate within this State shall not at any time exceed the annual income of twenty thousand dollars.

Section 2.—The said corporation shall possess the general powers, rights, and privileges, and be subject to liabilities and provisions contained in the eighteenth chapter of the first part of the Revised Statutes, so far as the same is applicable, and also subject to the provisions of chapter three hundred and sixty of the laws of eighteen hundred and sixty.

SECTION 3.—This act shall take effect immediately.

# SEVENTY-FIRST ANNUAL REPORT.

Grateful to God for a year of enlarged work and for the cordial support of many churches and of special friends, the Board of Education respectfully presents to the General Assembly its Seventy-First Report.

The Board re-organized at the beginning of the year by the election of the Rev. George D. Baker, D. D., for President, and the Rev. James M. Crowell D.D., for Vice-President. The Corresponding Secretary and Treasurer were continued the same as before. The Rev. John Dixon, D. D., who was appointed to fill the term of Rev. Marcus A. Brownson resigned, felt it to be his duty, after full consideration of the subject, to decline his appointment which he did with much regret. In October last, Elder H. W. Pitkin, a much valued member of our body who had served it faithfully for twelve years was removed from us by death, and a resolution commemorative of his worth was adopted and put on record. The vacancies thus made have not been filled. The meetings of the Board have been for the most part well attended and the business harmoniously conducted.

The carefully prepared report of the Assembly's Committee, of which the Rev. Dr. Morris was Chairman, and which was read before its session last Spring, seems to have awakened the attention of our young men to the question of their duty towards the ministry and to have secured a larger number of enlistments than ever before by its startling facts and cogent appeals. In all 913 have been recommended for aid by their Presbyteries. Of these 332 were new cases. Out of the whole number 47 were declined from apprehensions of incurring too heavy a debt at the end of the year. As a general rule, preference was given to those who were intending to take a full course of study, or were already in College or in the Theological Seminary. Academics were received only on strong representations of their worth and need. The Professors' Reports have always been carefully scrutinized and every instance of failure on the part of a student to reach a fair standing on all the topics specified has been noted and inquired into. When no satisfactory explanation has been returned and no good promise of usefulness testified to, the case has been reported to Presbytery recommending and the Scholarship withheld.

The main disheartening fact to be mentioned is that the contributions have not increased in proportion to the number of candidates, as was hoped. While some churches have doubled their gifts, others have lessened theirs. 3,511 have sent us nothing. Many of these are marked vacant on the Assembly's roll; others have only "stated supplies" in their pulpits who do not remain long enough in charge to take the causes well in hand. Some ministers, and those too of large churches, decline to present our cause altogether or even to give their people an opportunity to contribute to it, on the ground that they do not approve of the policy on which it proceeds. Others find the opposition in their sessions. From the Synodical Reports on Education we learn that the lack of due interest in this Board is chiefly owing to the neglect of ministers to set forth its importance and its needs to their congregations. There is some reason to think that this is true.

In this connection we take the liberty of pressing one point of no little moment. Inasmuch as the Boards were designed to act as the organs of the church in its united capacity, working as one body, undertaking its enterprises and incurring obligations in reliance on "that which every joint supplieth according to the working in due measure of each several part" it seems of the utmost importance that this design should be thoroughly understood and complied with; and that all officers of the church, especially its ministers, should act together in all loyalty for the furtherance of the common interests; and moreover that the Presbyteries, with whom is lodged the oversight, or episcopate, with us, should see that it is properly executed. When such concurrent action is lacking, the church naturally becomes hampered in its movements. That there is need of this stricter concurrence, is seen in the embarrassments in which this Board, for example, is involved from want of knowing with some degree of definiteness what to rely upon in arranging its plans and calculating its outlays. Nearly all the applications for aid with us come in at the beginning of the scholastic year, and the order is that the Board fulfill the promises made to the students then, even though it should be necessary to borrow the money in order to do it. Accordingly the problem at the outset is to ascertain how many candidates it will be safe to receive and at what amounts the scholarships shall be put. But in the endeavor to solve this problem the wisest calculations are often foiled by failure in the contributions which were counted on.

So it happened this year. When it was inferred from the great increase of candidates and from the earlier contributions, that the churches were waking up to the importance of this cause and that there would surely be an enlarged income correspondingly, a greater number of recommendations than usual was cautiously but hopefully accepted. But as time went on, there came a change ominous of a deficiency. It was difficult to tell what to do. When so many of the Boards were out with their appeals for assistance, it seemed hardly wise to add ours to theirs, and thus multiply before the public the unpleasant evidences of a wide delinquency on the part of the churches. But there was no other course left for us. We proclaimed our necessities through all the journals. We sent out urgent reminders to all the churches that had as yet given us nothing. Several chairmen of our Presbyterial Committees came nobly to our assistance at no small expense of time and money in stirring their brethren up to duty, and so earned our warmest thanks. Besides all this more than a hundred letters were written by the secretary and by members of the Board, and directed where it was thought they would do the most good, showing the straitness we were in, and urging help by various arguments. Some kind responses were thus obtained. But notwithstanding these efforts we regret to say that the payment of last year's debt has compelled us to close our accounts with a deficit of 8,700.\* Plain enough is it that the Church needs more system, more concert of action, and a deeper interest in all its measures awakened throughout its entire body if it is to accomplish anything worthy of itself with that ease and readiness which becomes it. Constant prodding is annoying; but indifference to obligations assumed is, on the other hand, both discreditable and harmful when exhibited to any extent. When churches are calling aloud for more educated ministers and young men moved by the call are offering themselves to the service on condition of being aided somewhat in their preparation for it, a very discouraging setback is it for them to be refused the required help, and the church suffers from vacant pulpits in consequence. A painful necessity also was it for the Board to be obliged to decline several of the applications it has had from want of funds.

<sup>\*</sup> Two days after the accounts were closed for the year we were gladdened by a generous gift of \$3,000, from a friend who has once and again come to our relief aforetime. This was intended to go in with the contributions of the year just ended. Had it come earlier it would have reduced our reported deficit to \$5,700; a less sum than that of the year previous.

### THE NECESSITY UPON US.

Here another important question arises. Can the Church afford to fail in this fundamental work of supplying itself with a sufficiency of educated men to fill its pulpits, and to carry on its educational and missionary enterprises? The Minutes of the last Assembly report 1.148 churches vacant of which fully 400 were, judging from their numbers, important enough to command the entire services of a minister. The others are small in membership and indicate a greater or less chance for living according to the amount of nurture they may get and the size of the place they are planted in. It must be remembered, however, that a small church is not necessarily a weak one. To these vacancies must be added our average net increase of churches annually which Dr. Morris puts at 150. Last year it was 188. meet this large demand made by our vacancies and additions it appears from the same authority that aside from the 589 ministers without charge, of whom the number that can be relied upon for steady work may be reckoned at 300, we are producing from our seminaries an annual average of only 145 graduates, to which should be added an average of 30 per annum who are classed as "extraordinary cases," that is, not regularly educated. Besides these we are drawing from other denominations at the rate of 82 annually. Last year this number swelled to 105 in the line of a steady advance. "But when we have to deduct from the total of these supplies the number that die annually which may be put at 93, it will be seen that our annual rate of increase in ministers is inadequate to meet the denominational demand." So says the report from which we quote.

In this connection there comes in another consideration which was alluded to last year but which we would emphasize anew. It is the effect which this large dependence on outside sources for our ministerial supplies must have on the homogeneousness of our church, both in doctrine and polity, and also in its administration. It is hardly possible for men who have not been brought up with us to become at once thoroughly of us and take a deep interest in all our various enterprises and understand our ways. Such identification usually requires time, and when not begun early is seldom complete: We claim therefore that the church owes it to herself, as well for the maintenance of her credit, as for the preservation of her order, to train up her ministers more generally from out of her own sons, and in her own institutions, and thus to qualify them to do her work in

her own way. Not that we should not welcome from abroad all in sympathy with us who desire to join us. But what we want is more consolidation. Differences weaken. If we would advance rapidly in our attempts to conquer the country and the world for Christ we must move together, in compact phalanx, and with uniform step, sustaining each other in every common effort, and submitting to one general control. But this solidarity can never be secured unless we have more uniformity and hearty concurrence in our ministry, even though it be at the sacrifice of private opinion.

# THE PARTIAL COURSE.

The question as to the extent to which the Board should countenance those who are intending to take only a partial course of study is still under consideration. While it has kept in mind the opinion of the last Assembly that it should "aid all candidates recommended by the Presbyteries; leaving it with them to determine what cases should be regarded as extraordinary," it has been constrained by a regard for its Constitution as well as by the lack of funds to make a discrimination in favor of the regular cases. The number aided that were not in full accord with our rules is 63, and for these in several instances special gifts were sent.

### CONTRIBUTIONS.

The number of churches contributing to the Board was 3,008 a little less than half of the whole number. Special sums have also been sent in by private and unnameable friends, with expressions of interest that were very gratifying. The whole sum received from all sources amounts to \$84,936.34 an excess of \$4,0001.65 for current uses over that of the previous year.

### THE NEWBERRY SCHOLARSHIP.

In September of 1888 the Board of Education had the pleasure of receiving a check for \$10,000, being the amount in full due under the will of the late John S. Newberry, of Detroit, Mich. This devise had been made "for the education of young men for the ministry, to be received and held in trust by the Board for investment, and to be called the 'Newberry Fund,' its income to be used exclusively for the education, in some theological institution, of one young man for the time being, and from time to time, for the ministry."

This trust was gladly accepted by the Board, and because of the close relations which the testator had sustained to Lane Theological Seminary, it was resolved "that the first award of the income of said

fund be given to one of the students in that institution who, upon a competitive examination between three members of the Junior class of 1889, recommended by the faculty, should seem the best deserving of it as combining the qualifications of high Christian character, good judgment and scholarship, fitting them for special usefulness in the Gospel ministry." A committee of the Board conducted this examination, and, after a trial in all departments of collegiate study required, recommended that the Newberry scholarship be awarded to a student in the Junior Class of that Seminary who had obtained the highest number of marks on their schedule of grades. This recommendation was unanimously adopted, and the student thus benefitted was also urged, now that he was freed from the necessity of laboring in any way for his support, to improve his vacation in such reading and study, under the direction of the faculty, as would advance him still further in his preparatory course. The money has been sent him.

One advantage resulting from such prize scholarships is that it insures the direction of the funds to the worthiest, so far as rigid examination can ascertain who is the worthiest, and furnishes to such a candidate still further the means of cultivating his fine gifts and multiplying his attainments to the utmost, and thus of qualifying himself for some eminent position, either as pastor of some important church, or as professor or president in some of our literary or theological institutions. Such men are called for more and more as the population of our country increases; and we are not raising enough of them. Our candidates, most of them, are too much straitened in resources to obtain the means for a large and liberal culture, and are obliged often to hasten into service for support when a longer course of study might help to lift them into the highest ranks of Christian scholarship. These ranks are by no means full. Might not, therefore, the example of Mr. Newberry be profitably followed by others, and the number of these prize funds be increased, to the great benefit of our church? The Board of Education at present allows its candidates but \$100 per year, a sum by no means sufficient to cover the expenses of board, clothing, books and travel. Only to double or triple this amount would, therefore, still be a prize worthy of consideration and prove verv helpful.

# CANDIDATES AIDED.

The number of candidates under care of the Board has increased from 772 to 839. They were distributed through their course of study

as follows: in the Theological seminaries, 357; in Colleges, 406; in the Preparatory department, 76.

Classified according to their nationality and race: 36 are Germans; 110 Negroes; 5 Scandinavians; 4 Bohemians; 2 Japanese; 1 Spaniard; 1 Mexican; 1 Brazilian; 5 Bulgarians; 1 Turk; 1 Syrian. The rest are American, Scotch, Irish and Dutch.

In point of scholarship 270 are marked high; 268 medium+; 234 medium; 14 medium—; 10 low. A few of those marked below medium have been retained on special information from their instructors that their excellence in other respects warrants good hope of success in the ministry; 6 have been obliged to suspend study on account of ill-health; 4 have been dropped for marked disqualifications in ability and conduct; 7 have withdrawn, having found other means of support; 36, though accepted by the Board on Presbyterial recommendations, were not reported by their professors as needing the scholarships, and, therefore, they were not paid. One promising student has been called away by death.

Those who have completed their studies at the Theological Seminaries, and have been graduated this spring, are as follows: From McCormick, 31; Princeton, 29; Union, 16; Lane, 11; Western, 5; Auburn, 4; Newark, 5; Lincoln, 3; Dubuque, 2.

The institutions at which our candidates have been studying are tabulated below.

" Lincoln " 8, " 10.

" Biddle " 0, " 5.

German Theo. school at Bloomfield, 5, same as last year,

" " Dubuque, 2, a decrease of 2.

This shows a total of 213, a happy advance on that of last year by 18. Yet it must be remembered that all these graduates are not in our connection, and can not be counted on as for us. How many are to be deducted on this score it is not easy to ascertain. But notwith-standing all this increase it is plain that the accommodations at these institutions are not all taken up. There still is room. Would that it could be fully occupied. In order to do this there is required only a little more effort on the part of ministers and elders and Sabbath-school teachers to enlist the young men under their care in the blessed service, and on the part of parents to consecrate their sons to the same high calling.

In conclusion, the Board would respectfully ask whether the day for presenting the cause of Ministerial Education before the Assembly can not be changed to one less liableto interruption. For many years the day devoted to it has been the second Thursday of the session, and this is the day on which the delegates from corresponding bodies are heard as the first order. And as their speeches are of an uncertain length it often happens that the time intended for this cause is crowded into very narrow limits, and but little opportunity is afforded for that full and free ventilation which it needs. It has greatly suffered in consequence. There are points connected with it that require to be thoroughly discussed, and objections made to it that ought to be removed by an open canvass of their force. It does not yet command that full assent of the church which is essential to its proper support and which its importance demands.

The members of the Board whose term of service expires this year are as follows: *Ministers*—George D. Baker, D. D.; James M. Crowell, D. D. *Elders*—George W. Barr, Andrew Blair. The two vacancies to be filled belonging to the same term are those of John Dixon, D. D., resigned, and H. W. Pitkin, deceased.

All of which is respectfully submitted by order of the Board.

D. W. POOR, Corresponding Secretary...

#### FORM OF A DEVISE OR BEQUEST.

All that the Board deems it important to furnish is its corporate NAME, viz.: The Board of Education of the Presbyterian Church in the United States of America.

The State laws differ so much that no one form will answer in all the States,

The following form may be used in most of the States:

"I give and devise to The Board of Education of the Presbyterian Church in the United States of America, the sum of - dollars to and for the uses of the said Board of Education, and under its direction, to be applied to assist candidates for the ministry." (If real estate or other property be given, let it be particularly described.)

Letters and Communications for the BOARD OF EDUCATION, relating to the general concerns of the Board, to candidates for the ministry, reports, appropriations, etc., are to be addressed to the Corresponding Secretary (Rev. D. W. Poor, D. D.) No. 1334 Chestnut Street, Philadelphia.

Remittances of Money should be sent to the treasurer, MR. JACOB WILSON, same address.

# APPENDIX.

#### ACTION OF THE GENERAL ASSEMBLY.

The Standing Committee of the Assembly consisted of the following named persons: Elders:

Ministers:

ROBERT M. PATTERSON, D. D., TIMOTHY G. DARLING, D. D., ROBERT IRWIN, D. D., ADAM McClelland, D. D., SAMUEL T. WILSON, JOHN L. SCOTT, D. D., GEORGE S. LEEPER, JAMES H. BALDWIN.

EMERSON E. WHITE, ALFRED P. REID, HENRY WARDEN, JOHN THORN, Robert E. Lawrence, GEORGE D. DAYTON, SAMUEL A. FARRAND.

The Committee presented their report on Monday, May 19th, 1890, through their Chairman, Rev. R. M. Patterson, D. D., which was accepted. The Assembly was then addressed by Rev. D. W. Poor, Corresponding Secretary of the Board.

The report was unanimously adopted, and is as follows:

The Standing Committee on Education respectfully reports that it has examined the Seventy-First Annual Report of the Board of Education, from which it gleans the following

The whole amount of money received from all sources during the year was \$84,936,34, an advance of \$4,001.65 upon that of the previous year. The payment of the preceding year's debt, however, and the necessary appropriations to an enlarged number of students compelled the Board to close its accounts with a deficit of \$8,700, which was reduced by the receipt two days thereafter of a gift of \$3,000, intended to go in with the contributions of the year, leaving the real deficit, therefor, \$5,700, a sum, the Committee is glad to note, less than that of the previous year.

The number of churches contributing this year is 3,008; 336 more than last year, but still leaving 3,511 non-contributing.

The number of candidates under the care of the Board has increased from 772 to 839. The number recommended by their presbyteries was 913, a larger number than ever before, of which 332 were new cases, but of the whole number forty-seven were declined from apprehensions of incurring too heavy a debt at the end of the year. It thus appears that while the contributions have increased they have not increased in proportion to the number of candidates, and the Board had to reject worthy cases because the Church did not furnish it with the means for their support. The Lord is answering the prayer for the sending of more laborers into the harvest by putting into the hearts of an increasing number of young men the desire to be trained for the work; and the people should unite in the answer to the prayer by aiding the young men in their preparation.

The number of graduates from our theological seminaries last year was 213, a happy advance on that of the preceding year by eighteen, and of that number 106 were under the care of the Board. These figures suggest the great value of the Board. As it is, with those who come to us from other denominations, the annual supply of ministers is inadequate to meet the demands of the Church. How destitute would be our condition without those who, unless aided as they are by the Board, could not pass through the curriculum required?

Special attention is directed in the Annual Report to prize scholarships, suggested by a gift of \$10,000 by John S. Newberry, of Detroit, Mich.; the income to be appropriated, after a competitive examination, for the education in some theological institution, of one young man for the time being, and from time to time, for the ministry. The report adds yery judiciously:

"One advantage resulting from of such prize scholarships is that it insures the direction of the funds to the worthiest, so far as rigid examination can ascertain who is the worthiest, and furnishes to such a candidate still further the means of cultivating his fine gifts and multiplying his attainments to the utmost, and thus qualifying himself for some eminent position, either as pastor of some important church, or as professor or president in some of our literary or theological institutions. Such men are called for more and more as the population of our country increases, and we are not raising enough of them. Our candidates, most of them, are too much straitened in resources to obtain the means for a large and liberal culture, and are obliged often to hasten into service for support when a longer course of study might help to lift them into the highest ranks of Christian scholarship. These ranks are by no means full. Might not, therefore, the example of Mr. Newberry be profitably followed by others, and the number of these prize funds be increased, to the great benefit of our Church? The Board of Education at present allows its candidates but \$100 per year, a sum by no means sufficient to cover the expenses of board, clothing, books and travel. Only to double or treble this amount would, therefore, still be a prize worthy of consideration and prove very helpful.

"It would, in the judgment of the Committee, be highly beneficial to establish more such scholarships, so as to enable young men of special ability under the care of the Board to prosecute without anxiety studies that will fit them for important work in the Church.

Church.

"The Secretary of the Board, in his intercourse with the Committee, in which he has frankly and clearly met every inquiry and fully explained the principles on which the Board acts, desires the Committee to emphasize the fact that the number of vacant churches and of pulpits occupied by stated supplies have an injurious influence in a two-fold way on the work of the Board. I. In such churches the cause is either not presented at all or presented in a way that is not effective; hence, non-contributing churches or merely nominal contributions. 2. They discourage young men from desiring to enter the ministry. The candidate system is not alluring to them. The subject is touched upon in one of the special reports that has been set down for consideration in connection with this report. The Committee alludes to it here for the purpose of emphasizing its importance and turning the minds of the General Assembly the more intently upon the recommendations of the special committee."

In view of these statements the Committee recommend the adoption of the following resolutions:

- 1. That the fidelity to their trust of the members and officers of the Board of Education be approved, and that they be commended anew to the Churches in the prosecution of the important work committed to them.
- 2. That the General Assembly mourns the loss of the valuable services of elder H. W. Pitkin, a member of the Board, who, after twelve years' service, has been removed by death.
- 3. That the General Assembly expresses its pleasure at the increasing interest in the work of the Board as manifested by the increased number of contributing churches, but regrets to note that so many are still non-contributing. As a matter of loyalty to our Church the General Assembly emphasizes the duty of all sessions to afford their congregations the opportunity to contribute to this as well as to the other agencies by which the Church carries on its work; and it directs presbyteries to make diligent inquiry as to compliance with this duty, and to press its observance upon those whose reasons for non-compliance are insufficient.
- 4. That the Board be advised to support its candidates only at institutions which are under or in harmony with our Church; and that it is against sound principle and policy for those who are aided by the contributions of our people to be committed to the care of institutions of learning where they are likely to be diverted from our own seminaries and ministry.
- 5. The General Assembly calls the attention of wealthy members of our Church to the system of prize scholarships, by which they can help to prepare young men of special ability under the care of the Board for important literary and theological positions in the Church.
- 6. The members of the Board whose term of service expires this year are; Ministers, George D. Baker, D. D.; James M. Crowell, D. D.; Elders, George W. Barr, Andrew Blair. The Committee recommends that they be re-elected.

There are two vacancies caused by the resignation of John Dixon, D. D., and the death of Elder H. W. Pitkin,

The committee recommends the election of the Rev. W. C. Rommel to fill the former and Elder James F. Magee the latter. All of which is respectfully submitted.

# RULES OF THE BOARD OF EDUCATION RELATING TO CANDIDATES FOR THE MINISTRY.

- I.—Dependence of the Board of Education upon the Presbyteries of the Church.
- 1. The Board of Education shall receive and aid candidates for the ministry of the Gospel only upon the recommendation of a Presbytery of the Church; and the Presbytery is responsible for their examination, subsequent care, and the designation of the annual amount of aid to be granted to them, within the limits set by the General Assembly.
- 2. The Board will in each case look especially to the Education Committee of the Presbytery for filling out and forwarding the form of recommendation required for the reception of a candidate, and also for the pastoral care of the same, until his entrance upon his official duties.
- 3. As a general rule, the Board will receive any young man of whose examination and recommendation in conformity with its requirements proper notification has been given; but it shall be at liberty to refuse new candidates beyond its ability to support them; and it will not give aid to students from the foreign missionary field unless they have been recommended by our foreign missionaries abroad, or have come to study in this country by a special invitation given from this Board upon the request of other duly recognized church authorities, or of missionaries resident on the fields from which they come.

#### II.—RECEPTION OF CANDIDATES.

- I. The encouragement of a young man to enter the Gospel ministry is a matter of serious concern both to himself and to the Church; and it should be given only by those who have proper knowledge of his mental and moral character, accompanied with much counsel and prayer, and directly by a single desire for the glory of God. Every candidate should join that Presbytery to which he would most naturally belong; and he should be introduced to it either by his pastor or by some member of the Education Committee after such acquaintance as will warrant his taking the responsibility of so doing.
- 2. The Presbytery, in examining students with a view to their recommendation for aid, must embrace such points as are indicated by the following questions, to which definite answers, by the direction of the Assembly will invariably be required by the Board: What is the candidate's name? Age? Residence? Is the Presbytery satisfied as to his experimental piety? As to his motives for seeking the ministry? As to his talents? As to his health? As to his promise of practical efficiency? Is he free from expensive and injurious habits? What is the lowest amount of pecuniary aid required to supplement his really necessary expenses till the end of the present collegiate year? Of what congregation is he a member? How long has he been in the communion of the Church? What is his stage of study? Where studying? Has he been recommended to Presbytery by his Church Session? If in a Theological Seminary, has he pursued a collegiate course or its equivalent? Can he recite the Westminster Assembly's Shorter Catechism? Give the name of a responsible person (usually a member of the faculty of the institution, or his pastor) through whom the scholarship can be sent.
- 3. No candidate shall be received by the Board who has not been a member of the Presbyterian Church, or of some closely related body, for at least one year; who has not been recommended to the Presbytery by the Session of the Church of which he is a

member; and who is not sufficiently advanced in study to enter college, except in extraordinary cases.

#### III.—SCHOLARSHIPS.

- I. The annual scholarships to candidates shall be the same in amount for theological and collegiate students, and not exceed \$150; for those in the preparatory course the amount shall not exceed \$100.
- 2. These Scholarships shall be paid to a student only on the reception of particular and satisfactory reports from his professors, embracing the following points: Christian Character? Scholarship? Rhetorical Ability? Punctuality? Economy?
- 3. The Board may increase or diminish, in a general ratio, the Scholarships in case of unusual surplus or deficiency in funds.
- 4. No payment shall be made in advance. Each payment shall be acknowledged by a receipt signed by the candidate, or by the person authorized by him to receive it. And this receipt shall contain a pledge to return the amount given, with interest, in case he of his own accord turn aside from his ministerial calling.
- 5. In order to suit the period when the students most need assistance, and when the reports from professors can be most satisfactorily made, the reports shall ordinarily be made on the first days of October, January and April. The payments of a student whose recommendation is made at any time between those days may be expected to commence at the date of it.
- 6. The Board will in no case be responsible for the debts of students; but it is expected of them that the scholarship shall be first applied to the payment of tuition and boarding.
- 7. The payments to candidates shall cease regularly at the close of the collegiate year, or earlier when the time for which they were recommended by the Presbytery has expired, and these shall not be made in cases of prolonged ill health which may unfit them for the work of the ministry; or when they are manifestly improvident, or contract debts without reasonable prospects of payment; or when they marry; or when they receive assistance from any other educational board or society; or, when from private circumstances, they cease to need aid.
- 8. The sums of money appropriated by the Board shall be refunded to it, with interest in case a student fail to enter on or continue in the work of the ministry (unless it appears that he is providentially prevented); or if he ceases to adhere to the standards of the Presbyterian Church; or if he changes his place of study contrary to the directions of the Presbytery, or continue to prosecute his studies at an institution not approved by it or by the Board; or if he withdraws his connection from the Church of which this Board is the organ, without furnishing a saisfactory reason.
- 9. A scholarship afforded by the Presbyterian Church, through the Board of Education, is not to be given or regarded as a loan, to be refunded by those who comply with these rules and regularly enter the ministry, but as her cheerful contribution to facilitate and expedite their preparation for it; and they are only obligated by it to a warmer interest in her efforts for the advancement of the Redeemer's kingdom, and especially to the use of the means necessary to instruct and stimulate her members in the duty of multiplying and sending forth preachers of the Gospel of salvation to all the world.

#### IV.—CARE OF CANDIDATES.

1. Candidates are required, except in extraordinary cases, and then only with the explicit permission of their Presbyteries, to pursue a thorough course of study, preparatory to that of theology, in institutions that sympathize with the doctrinal teachings of the Pres-

byterian Church; and, when prepared, to pursue a three years' course of theological studies in some seminary connected with the same Church, and no work of preaching is allowed to interfere with the diligent and faithful prosecution of their prescribed studies until the close.

- 2. The Board can rely only upon the Education Committee of each Presbytery for the regular care of its own Candidates, which should include the constant exercise of a parental oversight over them in spiritual things, and the bestowment of the counsel they need as to their mode of preparation, their place of study, their trials, and the occupation of their time, while not engaged in study, in employments which will tend to qualify them for effective usefulness as pastors or evangelists.
- 3. The Board shall assist the Presbytery in its care of candidates, by furnishing annually to the Education Committee, a summary of information from the professors' reports as to the standing of each student; and the Corresponding Secretary shall exercise a general supervisory care over them, also visit and address them, when practicable, at the institution where they are, in regard to their duties and the claims of the office which they have in view.
- 4. The recommendation of each candidate must be annually renewed by his Presbytery, if possible, at the spring meeting, in connection with one from the Session of the Church of which he is a member, and a specification must be made of the amount needed by him; and until the notification of these points has been received, a student will not be considered as upon the roll for the year.
- 5. Recommendations, or renewals of them, made by an Education Committee in the interim of the Sessions of a Presbytery, shall be received as sufficient, provided its action is reported to the Presbytery at its next session, and not countermanded to the Board.
- 6. If, at any time, there be discovered in a student such defect in capacity, diligence, and especially in piety, as would render his introduction into the ministry a doubtful measure, it shall be the sacred duty of the Board to communicate without delay the information received to the Education Committee of his Presbytery; and if, on careful inquiry on the part of the Presbytery, no satisfactory explanation of the defect can be obtained, or if no response be received by the Board from the Presbytery or from its Committee on Education, within the current quarter, it shall be the duty of the Board to withdraw its aid altogether.
- 7. Special care should be exercised by the Presbytery in the examination of students who are about to enter upon the theological course, according to the instructions of the Form of Government (Chap. XIV. Sec. III.): and this examination should be conducted by the Presbytery, and be entirely satisfactory as to the "real piety" of the students, "and the motives which have influenced them to desire the sacred office," before they are allowed to take this final step towards assuming its great responsibilities.
- 8. The annual report, occasional publications of this Board, and a copy of the Confession of Faith, shall be sent gratis to all students under its care who request them.

#### V.—PARTICULAR DUTIES OF CANDIDATES.

I. Inasmuch as the great aim of the Church, in the establishment of the Board of Education, is the increase of holy and faithful preachers of the Gospel; the young brethren who look to this work are earnestly and affectionately reminded that all intellectual acquisitions are of little value without the cultivation of piety, and that they are expected and required to pay special attention to the practical duties of religion, such as reading the Scriptures; secret prayer and meditation; occasional acts of special consecration of themselves to Christ and to His service, as their Redeemer and as the Lord of all; at-

tendance at regular meetings on the Sabbath and during the week; endeavors to promote the salvation of others; and the exhibition at all times of a pious and consistent example. •

- 2. Inasmuch as the scholarships granted by the Board will necessarily fall short of a full support of the students, it will be expected that they and their friends will make all proper exertions to supply whatever may be wanting.
- 3. When a student shall find it necessary to relinquish study for a time, in order to increase his means for support, by teaching or otherwise, he shall first obtain the consent the Education Committee of the Presbytery, or of the Board; and if when given, he sall not be absent from study more than three months, his scholarship will be continued; but if longer, it will be discontinued, or continued in part, according to circumstances.
- 4. It shall be the duty of each candidate connected with the Board to report himself, soon after the meeting of the General Assembly, to the Education Committee of his Presbytery, as to his progress, wants, and prospects; and when any of the requisitions of the Board which affect him may not be carried out by teachers or others, it becomes his duty to see that they are attended to, that delays and losses to himself may be prevented.
- 5. The reception of a scholarship by a student shall be considered as expressing a promise to comply with all the rules and regulations of the Board.

#### VI.—Special Rules for Colored Candidates.

- 1. The Board will take none under its care as candidates for the ministry among the negroes during the preparatory course unless after a season of thorough trial and approval both as to piety and ability, through two or three years—as reported by their teachers.
  - 2. Such students are not to be aided more than two years before entering college.
- 3. It is not regarded as advisable for any colored student to pursue a full collegiate course who does not evince an aptitude for study that will enable him to reach at least a grade of 70, out of a possible 100, in sciences and languages.
- 4. In case a colored student evinces peculiar gifts for the ministry, aside from his ability to acquire a knowledge of the sciences or languages, he should be advised to pursue a wholly English course in History, Exegesis, Theology, Moral Science, etc.
- 5. The attention of the Presbyteries and Instructors is called to the great importance of having immoralities on the part of students under the care of this Board reported to it as soon as possible, after such lapses from Christian character shall be known.
- 6. In order to discharge the trust imposed upon the Board with conscientious fidelity, the Committees of Presbyteries, who commend students to the care of the Board, are requested to furnish the Board with full and minute information as to the moral and Christian character, and the real mental ability and promise of the candidates so commended.
- 7. As there is a difference of expense in attendance at different institutions, and as it is one of the rules of the Board that students shall ask for the minimum sum that will meet their needs, therefore when the Board knows that any named sum at the special institution will suffice, the allowance from the Board shall not exceed that amount.
- 8. As it is enjoined in the Rules and urged upon the Board, by a special resolution of the Assembly, of 1878, (see Minutes of General Assembly, p. 47) that candidates enter and remain in the Presbytery to which they naturally belong, and by the Assembly of 1884 (see Minutes of General Assembly, p. 87) it is enjoined that candidates under the care of the Board pursue their collegiate studies in institutions that are in sympathy with both the doctrines and polity of the Presbyterian Church, the colored students under the care of the Board are *enjoined* to remain in connection with their proper Presbyteries, and to a tend in both their preparatory and Collegiate courses, schools, either under the care of the Freedmen's Board, or taught by teachers in connection with our Church.

#### Presbyterial Recommendation of a Candidate to "The Board of Education of the Presbyterian Church in the U. S. A."

The Board of Education has been instructed hereafter invariably to require, in connection with the acceptance of a student, and before promising him aid from the funds of the Church, definite answers to several important questions which may conveniently be given according to the form below. A candidate, in order to receive aid, must have been a member of the Presbyterian Church, or some closely related body, for at least one year: be recommended to Presbytery by his church session; and, except in extraordinary cases (colored students, and those of foreign populations, especially), be prepared to enter college.

The recommendation, both by church session and Presbytery, must be renewed annually, if possible at the spring meeting of the Presbytery, and should state the lowest possible amount within the limits set by the General Assembly that the candidate requires to meet his necessary expenses for the year.

The following form will also answer for Annual Renewals; such questions as that of the candidate's age, and that of his length of time in communion with the Church, if answered before, evidently need not be repeated; but, on consideration, it will be manifest that almost all the other questions deserve annual inquiry.

Regular appropriations are made at the meetings of the Board within the first half of October, January, and April. All reports (those for a portion of a term included) should be made at those times. The blanks above, for the name and locality of the institution, the term (or portion of it) covered by the report, and the date of sending, should be filled up; and they should be mailed a sufficient time before the close of the preceding month to reach the Office of the Board before the term days mentioned

It is respectfully suggested to instructors that it would be well to privately remind students before the spring meetings of the Presbyteries, of the necessity of the annual renewal of the Presbyterial recommendation to the Board, in order that aid may be continued

## THE BOARD OF PUBLICATION AND SABBATH-SCHOOL WORK.

The Standing Committee on Publication and Sabbath-school Work respectfully reports:

That our Board of Publication and Sabbath-school Work is an indispensable instrument of church edification and church extension none can doubt. A sound and wholesome Christian literature is by it prepared for our churches and their work, and the seeds of future churches are diligently sown in destitute regions by its Sabbath-school missionaries. No apparent or real defect in the management of the Board should in the least weaken our confidence in this department of the Church as a most valuable factor in its prosperity. If any defect should be found in the administration, it may readily be corrected; but it would be sad indeed if from any such cause there should be any alienation on the part of the Church in regard to an engine of such power for good. While we, therefore, very properly examine and see that the machinery is rightly worked, let us uphold the institution with loyal hearts and ready hands.

The presentation of a select literature in harmony with our faith, calculated to educate our people in scriptural knowledge and to mould their minds in godliness, is a potent help to the pulpit, and in many cases a conservative power where there is no pulpit. The many helps to Bible study, both for home use and for Sabbath-school instruction, which are issued by our Board, are carefully and wisely prepared and make Bible study attractive, while they give point to the teachings of the school. We may gain some notion of the value of these by imagining what a set-back our Sabbath-schools would experience by their loss. A well-selected Sabbath-school library becomes very largely, in parts of our country, the staple reading of the family at home, and so proves an efficient agent in leading both old and young to the source of truth. In some places the Sabbath-school library is the only library of a neighborhood, and it forms the thought of the community.

It is also most important that books which illustrate our Presbyterian system should be found in the hands of all pastors and teachers, so that its excellences should be known, appreciated, defended and proclaimed by those who are in positions of influence; and this can be done only by the publications of a Board whose imprimatur establishes the orthodoxy of the volumes it issues.

The direct missionary work of the Board is largely that of a forerunner to the work of the Board of Home Missions. It can occupy a field newly opened before the home missionary can reach it. It collects materials and starts a life to which the home missionary comes afterward. It plants the school, which the home missionary converts into a church. It visits a settlement before the houses are roofed in, and gathers the children to receive religious instruction, it may be under a tree or in a barn. It seeks to sanctify a community at its birth, and so prepare the way for larger spiritual applications. The work is laborious and full of vicissitude, requiring faith and zeal and tact that are not extensively found. The self-denying Sabbath-school missionary meets with every variety of experience. He pushes on under the burning heat of summer and the biting cold of winter. He puts up with a rough diet and rougher lodgment. He faces objections, indifference, rudeness and open opposition. He is satisfied with a meager salary, and finds his reward in a good conscience and the knowledge that he is working in the front for his Lord and Saviour. With all the disadvantages that he meets, he founds the school, he establishes its system, he appoints its officers, he instructs them in its manner of conduct, and, having fairly constructed and launched the new enterprise with earnest prayer, he proceeds to the next station to repeat the useful work there. These are the noble men and this the noble work which our Board has been faithfully and efficiently sustaining, and the results have been such as to awaken our liveliest gratitude to God. Eleven hundred and thirty-nine Sabbath-schools have been established during the year, from which already a large number of churches have been organized. In these Sabbath-schools are 4542 teachers and 38,836 scholars. The missionaries have visited and otherwise aided 2616 Sabbath-schools. visiting 65,920 families and blessing them with the word of God and prayer. They have conducted Sabbath-school institutes and conventions, preached and assisted at evangelistic meetings, and have cooperated with synodical and home missionaries in organizing churches and in providing them with places of worship. Even though a quarter of the schools established may not survive, the three quarters that are maintained are powerful factors in the evangelization of the newly-settled regions. The missionaries have, during the past year, sold 7118 and given away 46,344 volumes other than Bibles. The whole number of volumes, including Bibles, that have been distributed by the Sabbath-school and Missionary department is 73,873. Special efforts were used to make Children's Day a useful day for the work, and attractive literature was distributed to that end. The amount of at least \$28,000, the contributions of that day, was ample proof of the wisdom of this measure.

Your committee cannot leave the matter of the Sabbath-school department without expressing their decided approbation of the method adopted of employing seminary students in the missionary work, a method so beneficial to the students and proved so successful in its missionary results.

Twenty-two bound volumes and eight new tracts have been published during the year. The eleven periodicals of the Board have been continued with increasing popularity, benefit and pecuniary profit. The Westminster Teacher, as one of them, takes very high rank as an exegetical and homiletic aid to the Sabbath-school teacher.

The Business Department reports 1,136,250 books or tracts and 20,764,822 periodicals as issued during the year. There are twenty-two depositories and branch houses, including one in London, one in Montreal, one in Toronto and one in Winnipeg.

The sales for the year in books and tracts amounted to \$106,123.86, and those from periodicals to \$134,981.89, making a total of \$241,105.75.

The receipts from all sources were \$337,958.94, which with the balance from last year makes a total of \$422,642.71. The entire expenditures were \$352,999.29. The balance in the treasury on April 1, 1890, was \$69,643.42. This balance includes the balance due to "The Church at Home and Abroad." The net profits of the year have been \$16,943.16, of which two thirds (\$11,295.44) have been placed to the credit of the Sabbath-school and Missionary fund, and the remaining one third has been added to the capital stock, which now amounts to \$512,128.76, three fifths of which is unproductive property.

We can look on this Board and the commodious house which it

occupies (and in which are furnished, without rent, accommodations for the Boards of Education and Ministerial Relief, the Woman's Foreign Missionary Society and the presbyterial gatherings) with justifiable denominational pride, and with devout gratitude to God that our Church is so well furnished with needful apparatus for its extended work.

The members of the Board have shown their devotion to the interests of the Church, and although there has been a difference of opinion as to the proper economy of administration, we cannot but recognize the high character and Christian faithfulness of those to whom the General Assembly has intrusted this important branch of the Church's work.

To them and to the honored secretary of the Board we would accord the praise that is their due.

Your committee would submit to the Assembly the following resolutions for its adoption:

Resolved, 1. That we regard the Board of Publication and Sabbath-school Work as one of the most important agents of home evangelization, and that as such its missionary work should be liberally supported by all our churches.

Resolved, 2. That our churches should, as far as possible, use and circulate the publications of our own Board as a sound and wholesome Christian literature for both young and old.

Resolved, 3. That pastors be urged to explain to their people the difference between the business and missionary departments of the Board, and show them that the latter depends chiefly on the contributions from the churches and Sabbath-schools.

Resolved, 4. That the Board take into consideration the advisability of publishing in the German, Spanish and Scandinavian languages such Sabbath-school books and papers as may supply a want in our own schools, where pupils speaking these languages are found.

Resolved, 5. That the Rev. John Hemphill, D.D., having been elected by the Board in the place of the Rev. S. W. Dana, D.D., who declined the position to which he was elected by the last Assembly, the Rev. J. Stuart Dickson having been elected by the Board to fill a vacancy caused by the resignation of the Rev. H. C. McCook, D.D., and Franklin L. Sheppard, Esq., having been elected by the Board to fill a vacancy caused by the resignation of the Hon. George S. Graham, those elections are hereby confirmed.

Resolved, 6. That the terms of office of the following gentlemen, expiring in June, 1890, the same are hereby elected to the Board for three years, to wit: Ministers—Benjamin L. Agnew, D.D., Thomas A. Hoyt, D.D., John Hemphill, D.D., Rev. J. Stuart Dickson. Elders—Samuel C. Perkins, LL.D., Robert N. Willson, Franklin L. Sheppard, and as the Hon. John Scott declines a re-election, Mr. W. H. Parsons, of New York, is elected to the Board for three years.

The committee, having had referred to them an overture from the Presbytery of Highland asking the Assembly to recommend for use other hymnals than our own, or to make an arrangement for their publication by our Board, recommend no action in the matter.

Respectfully submitted.

HOWARD CROSBY,

May 24, 1890.

Chairman.

# EXTRACT FROM THE MINUTES OF THE GENERAL ASSEMBLY OF 1890.

The consideration of the report of the Special Committee on a Publishing Outfit for the Board of Publication was resumed. The Rev. B. L. Agnew, D.D., was heard in behalf of the Board. Elder Thomas Kane, a member of the Special Committee, was heard at length; and it was—

Resolved—1st, That the report of the Special Committee on the Publishing Outfit of the Board of Publication, and the report of the Business Committee of the Board of Publication and Sabbath-school Work, be and the same are hereby referred to a Committee of seven members, to be appointed by the Moderator, which shall hear the answer of the Business Committee to the several matters alleged against their management of the business of the Board by the Special Committee, and shall consider the whole question, and report their finding of facts to the General Assembly in 1891.

2d, That said Committee is hereby clothed with power, if in their judgment it shall be deemed necessary, after such hearing, to instruct the Board of Publication and Sabbath-school Work to carry into effect any or all of the recommendations contained in the Special Committee's report, or such modifications or new recommendations as they shall think proper.

3d, That the Board of Publication and Sabbath-school Work is hereby directed and enjoined to obey all such instructions immediately upon receiving the same from said Committee.

4th, That the Committee is directed to publish its proceedings and judgment as soon as reached.

5th, That the Chairman shall have power to fill vacancies on the Committee.

6th, That the expenses of this Committee shall be borne by the Board of Publication and Sabbath-school Work.

Attest:

W. H. ROBERTS,

Stated Clerk.

The Moderator appointed the following Special Committee:

ALFRED J. HAND, Presbytery of Lackawanna; ELIAS R. MONFORT, Presbytery of Cincinnati; A. D. F. RANDOLPH, Presbytery of New York; GEORGE S. DRAPER, Presbytery of St. Louis; REUBEN F. SMITH, Presbytery of Cleveland; W. C. MARTIN, Presbytery of New York; WILLIAM A. BRODIE, Presbytery of Rochester.

### FIFTY-SECOND ANNUAL REPORT

OF THE

# PRESBYTERIAN BOARD OF PUBLICATION AND SABBATH-SCHOOL WORK.

The Presbyterian Board of Publication and Sabbath-school Work respectfully presents to the General Assembly its Fifty-second Annual Report, covering the year beginning April 1, 1889, and closing March 31, 1890.

During the year the following gentlemen have been elected by the Board to fill vacancies, namely, Rev. John D. Hemphill, D.D., in place of Rev. S. W. Dana, D.D., who declined the position to which he had been elected by the last Assembly; Rev. J. S. Dickson, in place of Rev. H. C. McCook, D.D., resigned; and Franklin L. Sheppard, Esq., in place of the Hon. George S. Graham, resigned. The confirmation of the appointment of all these gentlemen, all of whom belong to the class whose term of office will expire next month, is requested.

The term of office of the following gentlemen will expire in June, 1890, viz.:

#### MINISTERS.

Rev. Benjamin L. Agnew, D.D., Rev. Thomas A. Hoyt, D.D., Rev. John D. Hemphill, D.D., Rev. James Stuart Dickson.

#### ELDERS.

Samuel C. Perkins, LL.D., Hon. John Scott, Hon. Robert N. Willson, Franklin L. Sheppard.

## WORK OF THE BOARD.

The Board reports, with gratitude to God, that it has had vouchsafed to it a large measure of prosperity, and it trusts of usefulness, during the year. All the departments have been prospered. The Business Department closed the year with net profits amounting to \$16,943.16, which enabled it to pay over to the Missionary Fund the sum of \$11,295.44. Although the sale

of books and tracts was somewhat less than that of last year, the circulation of the periodicals has largely increased. Editorial Department, in addition to so conducting the periodicals as to win the increased favor of the Church, as is manifested by the increased subscription, has been privileged to add many interesting works to the list of its publications. The Sabbath-school and Missionary Department has been signally blessed. The contributions received have been greater than in any preceding year. It was enabled not only to place a large number of student missionaries in the field last summer, but also considerably to increase its force of permanent laborers. It has been privileged to establish 1139 Sabbath-schools, from which has already been organized a large number of churches. It closes the year with a balance of \$30,125.35, which will justify it in employing a larger number of student missionaries during the coming summer than it has ever yet commissioned.

# THE BUSINESS RELATIONS BETWEEN THE BUSINESS AND THE SABBATH-SCHOOL AND MISSIONARY DEPARTMENTS.

In the year 1882 the General Assembly adopted the following resolution of instruction, under which the Board has continued to act to the present time—the Business Department being substituted for the Publishing, and the Sabbath-school and Missionary for that of Colportage, since the reorganization in 1887:

Resolved, That the General Assembly instructs the Board of Publication to maintain a separation as complete as practicable between the Publishing and the Colportage Departments in their business affairs, so that the relation between the two in this respect shall be the same as between the Publishing Department and any other purchaser—the terms of sale to the Colportage Department to be as favorable as those offered to any other purchaser.

As the Business Department offers to its most favored customers in this country different rates of discount on different classes of books and tracts, it was deemed expedient, in carry-

ing out the spirit of this instruction, for the convenience of both departments in the keeping of accounts, that a uniform discount, representing the average of the various rates of discount, should be established on all purchases by the Sabbath-school and Missionary Department. After careful investigation it was estimated that a uniform rate of 30 per cent. would place the latter department on the footing of the most favored purchaser, and the Board determined that that rate should be established. Subsequently the discount was raised to  $33\frac{1}{3}$ , at which rate it has been continued for several years. As, however, misconceptions on this subject seem to have arisen in some quarters, the Board at a recent meeting adopted the following:

Resolved, That the rule of allowing a uniform rate of discount to the Sabbath-school and Missionary Department on all purchases of books and tracts be reseinded, and that hereafter the Business Superintendent be directed to allow to said Department on purchases of all classes of books, tracts and periodicals the highest rates of discount allowed on the same classes of publications to the most favored branch houses in this country.

The adoption of the new rule, it is believed, will not materially affect the interests of the Sabbath-school and Missionary Department. It is proper to add that the discount on periodicals has always been that allowed to the most favored purchasers.

## PAPERS FOR THE PEOPLE.

It was confidently expected when the last report was presented to the Assembly that the publication of the projected series of Papers for the People would be shortly commenced. A large number of essays had been promised to the Board by distinguished writers. Various circumstances, however, prevented the fulfillment of these promises, and the publication was necessarily deferred. As soon as a sufficient number of essays is in the hands of the secretary to justify such action, which it is hoped will be in the near future, publication will be entered upon.

# SABBATH-SCHOOL AND MISSIONARY DEPARTMENT.

The year covered by this Report has been one of unexampled prosperity in the history of the Sabbath-school and Missionary Department. The object and methods of the Department have been better understood, and consequently presbyteries, pastors, sessions, churches and Sabbath-schools have more generally sympathized with its efforts and more liberally supported them. Our missionaries have learned much by experience and have become more efficient. Our efforts have been crowned by divine Providence with results the largest yet achieved. We thank God for the past and take courage for the future.

#### WORK OF THE DEPARTMENT.

The functions of this Department are four—1. Sabbath-school extension in the destitute portions of the land. 2. The distribution of our literature by grants and by missionary sales. 3. The elevation and improvement of the Sabbath-school work of our churches. 4. The collection and presentation to the General Assembly of Sabbath-school statistics.

#### SABBATH-SCHOOL EXTENSION.

This is effected principally through the agency of carefully-selected Sabbath-school missionaries. This work, however, is largely aided by the distribution of religious literature.

#### SABBATH-SCHOOL MISSIONARIES.

Two classes of missionaries are employed, styled respectively permanent and temporary.

Of permanent missionaries there were in commission at the beginning of the year 34. Of these 6 have been retired, and 16 have been added to the force. The number now in com-

mission is 44. These are stationed in 24 states and territories, viz., California, Washington, Oregon, Wyoming, Colorado, New Mexico, Kansas, Indian Territory, Nebraska, North Dakota, South Dakota, Minnesota, Iowa, Missouri, Wisconsin, Michigan, Indiana, Kentucky, West Virginia, Tennessee, Virginia, North Carolina, South Carolina and Florida.

During the last summer there were sent into the field (78) seventy-eight temporary missionaries—students selected from our theological seminaries and appointed to labor during their four months' vacation. These young men labored with fidelity and success. God enabled them to accomplish great things for Christ by giving them favor with the presbyteries, pastors and people. They also have gained invaluable experience in view of their future ministry.

The total number of missionaries, permanent and temporary, in our employ during the last year was (128) one hundred and twenty-eight.

#### RESUME OF RESULTS.

During the year our missionaries directly organized 1139 new Sabbath-schools, with a personnel of 4542 teachers and 38,836 scholars—a total of 43,378 individuals.

In addition to the foregoing, 109 schools have been organized under the offer of the Board to supply hymn-books, lesson helps, papers and Bibles to any man or woman establishing a Presbyterian Sabbath-school. It thus appears that there have been organized during the year, under the direct or indirect agency of the Board, 1248 new Sabbath-schools, having a membership of over 47,000 teachers and scholars.

Our missionaries have visited and otherwise aided 2616 Sabbath-schools. They have delivered 5889 addresses, visited 65,920 families and travelled 302,493 miles.

It may aid us, in appreciating the work performed by these laborers, to recognize that on an average they organized on each of the 365 days of the year three new Sabbath-schools, of 118 members in all. Each of the 52 Sabbaths of the year covered by this Report witnessed the organization of

more than 21 new Sabbath-schools, with over 834 teachers and scholars.

No numerals, however, can set forth the best results of work done for Christ and his Church by these men. In regions of our land destitute of religious services, where the Sabbath is unrecognized or desecrated, they have gone from house to house, into 65,000 families, with the gospel of Christ on their lips and on the printed page, blessing these families with the word of God and prayer. They have sought and brought into the fold the scattered sheep of the good Shepherd. They have conducted Sabbath-school institutes and conventions. They have preached in the mode appropriate to them as frequently as most pastors. They have assisted in evangelistic meetings. During the winter, when field operations were impracticable, they have co-operated with synodical and home missionaries in organizing churches and in providing for them places of worship. Into new settlements they have often gone in the very nick of time to determine their future character by bringing their youth and children into the church and the school. They have been scouts, at once a pioneer corps and an advance guard for the army of Christ.

#### PERMANENCY OF THE NEW SCHOOLS.

Will these newly-organized schools live? From the outset, the Department, in its instructions to its missionaries, has laid the greatest emphasis on the direction not simply to organize, but permanently to establish, Sabbath-schools. It is not easy to estimate the difficulty of carrying out this direction. In many localities it is difficult to find a man qualified to superintend a school; in many it is scarcely possible to secure a sufficient number of competent teachers. In many northern regions the country schools, on account of blockades of snow and almost impassable roads, must suspend operation during the winter. It is pleasing, however, to be able to state that in the spring most of the suspended schools are reopened; and who is there that will despise the good accomplished by a Bible-school maintained even six months in the year?

The missionaries are instructed, wherever possible, to place the new schools under the care of some neighboring Presbyterian church, of the committee of presbytery and of the synodical missionary.

A systematic effort has been begun, and will be continued, to ascertain the facts concerning the permanency of each school organized by our missionaries.

We have received information concerning 695 of the 831 schools directly organized by our missionaries from April 1, 1888, to April 1, 1889. Of these, 474 are still maintained; 221 of them are no longer in existence. We have also received accurate information that from the 474 living schools reported, 85 churches have already been organized.

It should also be stated that, of the 117 schools indirectly organized during that year through the offer of grants of Bibles, hymn-books, lesson helps and papers, all are alive and active.

#### GRANTS.

In addition to the work done by living missionaries, as above reported, this Department makes use of the printed gospel as a method of evangelization. In the last twelve months it has distributed 73,873 volumes of Christian literature, of which 6,750 were Bibles. Of volumes, the missionaries sold 7,118, and gave away, other than Bibles, 46,344; and the Sabbath-school and Missionary Committee made grants of 13,661. The number of pages of tracts and periodicals given away by the missionaries was 2,703,755; the number granted by the Sabbath-school and Missionary Committee was 9,509,-257; which, together, make 12,213,012. The net value of the grants made by the Department, through its committee and its missionaries (i. e., the exact cost to the Department), was \$14,246.52. The bare statement of the number of volumes and of pages of Christian literature thus distributed will have but little meaning for the casual reader. It will, however, possess unspeakable significance for every one who has learned how God is pleased to use printed truth for the salvation of men. It may enable us to appreciate the magnitude of these

grants to say that they average, for every working day in the year, 236 volumes, and 39,000 pages of tracts and periodicals.

The number of Sabbath-schools assisted during the year by these grants, most of which are entirely dependent for reading matter upon them, was no less than 1,376. The number of grants of books and tracts made to churches and individuals was 446; so that the Department has made, altogether, 1,822 grants during the last twelve months, or more than six for each working day of the year.

#### RECEIPTS AND EXPENDITURES.

The total receipts of this Department for its current fund, during the year, were \$87,508.35—of which \$68,020.64 came from churches and Sabbath-schools; \$3,511.63 from individual contributors; \$4,195.28 from interest on invested funds; \$485.36 from profits on sales by missionaries, and \$11,295.44 from the Business Department, being two thirds of the net profits of that Department for the year.

The total expenditures of the year were \$92,201.66—an excess of \$4,693.31 over the receipts. A statement of the items of expenditure will be found in Statement No. 2, p. 43.

Concerning the balance on hand April 1, 1890, of \$30,125.35, it may be said that it is less by \$4,693.31 than was the balance on April 1, 1889. At the beginning of the field operations of the summer, the balance is always greater than in the autumn and winter, and it is proper that it should be. Already 88 theological students have been commissioned for work during the coming summer. This will entail for their support and expenses, and for the equipment of the Sabbath-schools which they will organize, an expenditure of over \$30,000, which will exhaust the balance.

The trustees of the Board, during the year, have received legacies, etc., amounting to \$5,976.06, which will be added to the permanent funds.

#### NOTABLE GIFTS.

A friend of this work contributes \$800 a year for the salary

and expenses of one of our most efficient missionaries. He has also contributed \$1,200 this year, to be expended in supporting temporary missionaries during the summer of 1890. These gifts he has sent to us through his church Sabbathschool. He also authorized us to publish the following munificent offer:

"To ANY CHURCH OR SABBATH-SCHOOL WHICH WILL UNDER-TAKE THE SUPPORT OF A MISSIONARY TO ORGANIZE SABBATH-SCHOOLS, A GENTLEMAN GUARANTEES \$150 OF THE AMOUNT NECESSARY! SO THAT YOU MAY HAVE YOUR OWN MISSION-ARY IN THE FIELD, REPORTING DIRECT TO YOUR SABBATH-SCHOOL, BY SENDING TO THIS TREASURY \$550."

This offer was embraced by the First Presbyterian Church and Sabbath-school of Bridgeport, Conn., which sent us \$550; and that church and school have now the satisfaction of regarding a Sabbath-school missionary as peculiarly their own.

A lady of the state of New York makes an annual gift to this work of \$600 for the support of a Sabbath-school missionary in the South. Other large gifts have been made to the cause of Sabbath-school missions by several churches and schools.

#### CHILDREN'S DAY.

It is difficult precisely to state the amount of contributions received from Sabbath-schools on last "Children's Day," because many of them were sent in with those of the churches, and many were not separated from the annual contributions of the schools. It is safe, however, to say that it amounted to considerably over \$28,000. It is also worthy of record that the efforts on Children's Day, instead of lessening, increase the regular giving of the Sabbath-schools and churches.

Larger preparations than hitherto have been made for the observance of this day in June next. Full supplies of orders of worship, music, etc., are offered to Sabbath-schools intending to observe it. It is hoped that the approaching celebration may be an occasion of great spiritual profit to the

youth of our churches, and that the contributions to Sabbath-school work may be largely increased.

#### CALLS FOR EXTENSION.

Calls for increase of workers, and the enlargement of our work, come to us from the states west of the Mississippi and the Pacific slope. Immigration is pressing into Nebraska, Dakota and Kansas, and demands immediate steps to provide for the spiritual necessity of the immigrants. Montana and the fresh fields of southern California, Washington and Oregon are rapidly being opened to our work. Whatever we do for these great regions must be done quickly.

In the states of the South, during the past year, there have been organized 265 Sabbath-schools. Of these 54 were established among the colored people; 118 in the mountain region of the South, and of West Virginia, eastern Kentucky and east Tennessee.

But what are these among so many? In addition to the demand for the organization of Sabbath-schools, there is a loud call for permanent missionaries, who should be located in certain communities, concentrating their labor and teaching until those communities are ready for the organization of churches. This somewhat new work will demand a large increase both of men and of means.

#### CO-OPERATION WITH OTHER BOARDS.

It has been our privilege, in the year that is past, to assist the missionaries of our Foreign Board by favorably responding to all their appeals for donations of books and other publications. To Persia, at one time, were sent 76 volumes; to Brazil, of Portuguese publications to the net value of \$40.17; to Lahore, India, 35 volumes; to Yokohama, Japan, 65 volumes. Most of these were for the use of foreign colleges.

The missionaries of this Board have worked together in harmony with the missionaries of the Home Board, and they have been of mutual assistance in their labors. Sabbath-school

literature has been freely supplied to all schools established by missionaries in connection with our Church.

Encouraging letters have been received from the secretaries of the Home Mission Board, and from its synodical missionaries.

#### AMERICAN BIBLE SOCIETY.

This noble society has, for another year, placed us under obligations, by supplying us freely with Bibles and Testaments for gratuitous distribution.

#### ELEVATION AND IMPROVEMENT OF SABBATH-SCHOOLS.

This is one of the important functions of the Department. It is carried out by the following methods:

1. Bibles for Reciting the Shorter Catechism.—The offer of a Bible to every scholar who shall perfectly recite the Shorter Catechism is continued. During the year 2,716 have been awarded. The total number that has been awarded since the offer was first made is 5821.

As the Missionary Bible Fund was exhausted about January 1, 1890, by the draughts upon it for this purpose, the demand for Bibles has been met from the Missionary Fund. It is contemplated to continue the offer upon the basis of the Missionary Fund.

- 2. Institutes, Conventions and Assemblies.—A large number of such meetings to stimulate and instruct the workers have been held in various parts of the Church. The Department has co-operated and assisted in these to a considerable extent during the year. The subject of teacher-training is constantly before us, and time and labor are freely given to it.
- 3. Missionary Letters.—To each Sabbath-school that sends a contribution to the Missionary Fund, a Sabbath-school missionary is assigned for part support. That school receives quarterly a letter from its missionary. Three thousand schools now receive such letters, and the result is a great increase in the steady interest in this work.

#### SABBATH-SCHOOL STATISTICS.

The Department, in carrying out one of its duties, viz., that of collecting and reporting to the General Assembly the Sabbath-school statistics of the churches, published in the Minutes of the last General Assembly a tabulated statement, as follows:

#### MEMBERSHIP.

| No. of reporting Sabbath-schools, 6                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                           | ,534 |

The figures under the heading "Relation to Church" are very imperfect, on account of the incompleteness of the returns. It is hoped that soon all the columns of our report will be generally filled.

Attention is called to the marked improvement in the contributions of the Sabbath-schools to the Sabbath-school missionary work of this Board and to the other Boards of our Church, as shown in the above table, and as will appear in the summary to be printed in the appendix to the Minutes of this Assembly.

#### PERIODICALS.

No new periodicals have been started during the past year, and there have been no changes in the form of those regularly issued. The full list is as follows: of lesson helps—The Westminster Teacher, The Westminster Question Book, The Westminster Quarterly, The Westminster Lesson Leaf, The Westminster Primary Quarterly, The Westminster Primary Lessons, The German Lesson Leaf; of illustrated papers—Forward, The Sabbath-school Visitor, The Morning Star, The Sunbeam. A few descriptive words concerning each of these will explain their character and object.

#### THE WESTMINSTER TEACHER.

The Westminster Teacher is issued once a month. It is a beautiful magazine, each number containing forty pages. It is prepared specifically for the teachers and officers of Sabbathschools, but is used also by many Bible-class scholars. contains full and varied expositions of the International Bible Lessons. Its aim is not merely to furnish exegetical notes, but specially to aid teachers in applying the truths of Holy Scripture to the consciences and lives of pupils. Warm commendations of the lesson-work in the TEACHER are constantly received from persons who use it, in all parts of the world, many of them from workers in other denominations. This magazine also gives, each month, valuable editorial and contributed articles. The past year a most helpful series of papers on important doctrinal subjects was issued. It is published in octavo form, monthly. Price, single copy by mail, per annum, 60 cents; school subscriptions, to one address, 50 cents each copy.

#### THE WESTMINSTER QUESTION BOOK.

The Westminster Question Book, though mentioned among the "Bound Volumes," belongs also to the list of Lesson Helps. It is a complete manual or hand-book, containing the Scripture text, with Home Readings, Golden Texts, Lesson Plans, Shorter Catechism, Notes, Questions and Practical Suggestions. It

thus gives in a single handy and compact volume the basis for a whole year's work. It is adapted to higher grade or senior classes. Price, \$12 per hundred, net; single copies by mail, 15 cents.

#### THE WESTMINSTER QUARTERLY.

The Westminster Quarterly is adapted to older scholars. It is used in intermediate and Bible-classes. It is issued quarterly, and each number contains full lesson work for the three months. It is an octavo of 36 pages, and is furnished at the low rate of \$12 for one hundred copies to one address, for one year; single copies, 20 cents.

#### THE WESTMINSTER PRIMARY QUARTERLY.

The Westminster Primary Quarterly is adapted to the little people in primary classes. It is bright and attractive, with easy explanations and suggestive questions and things to remember. It is prepared by Mrs. G. R. Alden ("Pansy"). Price, school subscriptions, to one address, 100 copies per year, \$8, or 8 cents for each scholar.

#### THE WESTMINSTER LESSON LEAF.

The Lesson Leaf is prepared with special reference to intermediate and younger scholars. It is issued monthly, but so arranged that if desired the leaves can be separated and distributed to scholars weekly. Each lesson leaf contains one lesson complete, with Scripture, Golden Text, Catechism, Notes, Questions, Practical Teachings. Price, school subscriptions, to one address, 100 copies per year, \$5; or 5 cents yearly for each scholar.

The Question Book, Quarterly, and Lesson Leaf are prepared by W. M. Rice, D.D.

#### THE WESTMINSTER PRIMARY LESSONS.

The Westminster Primary Lessons is a neat leaf, adapted to the little people. It is issued monthly, but the leaves may be separated and distributed weekly if preferred. It is

prepared by Mrs. G. R. Alden ("Pansy"), and is illustrated. Price, school subscriptions, to one address, 100 copies per year, \$5; or 5 cents yearly for each scholar.

#### THE GERMAN LESSON LEAF.

The German Lesson Leaf is prepared specifically for the Sabbath-schools of our German congregations, and is heartily appreciated by them. The limited number of Presbyterian German churches renders a large and paying circulation of this leaf impossible. It is published, however, as a help which ought to be given to our excellent German people, even at a financial loss. The price is the same as that of the Westminster Lesson Leaf.

#### ILLUSTRATED PAPERS.

#### FORWARD.

Forward continues to grow in favor. It is designed for older young people, of intermediate and Bible-classes. Its aim is to furnish articles of an instructive and elevating character, and yet to avoid being dull and heavy. The name of the paper is suggestive and fitly embodies its aims—to lead its readers on to better things, to inspire and help them upward and onward.

This periodical is attractively illustrated. It is published twice each month, but may be taken either once or twice a month as subscribers desire. Price, school subscriptions, to one address, once a month, 100 copies per year, \$15; twice a month, 100 copies per year, \$30.

#### THE SABBATH-SCHOOL VISITOR.

The Sabbath-School Visitor is the oldest of the periodicals of the Board, but it has all the sprightliness and vigor of youth. It is adapted to a class of readers a little younger than Forward. It is an illustrated four-page paper, each number containing attractive and interesting matter adapted to children. It is a welcome visitor in many thousands of homes. It is published twice each month. It may, however, be taken either

once or twice a month, as preferred. Price, school subscriptions, to one address, once a month, 100 copies per year, \$10; twice a month, 100 copies per year, \$20.

#### THE MORNING STAR.

The Morning Star was started to meet the demand for a paper at a small cost. It is of the same quality, grade and style as the Visitor, but is only half the size. It is issued twice a month, and may be taken once or twice a month as desired. Price, school subscriptions, to one address, once a month, 100 copies per year, \$5; twice a month, 100 copies per year, \$10.

#### THE SUNBEAM.

The Sunbeam is issued weekly and is finely illustrated. Its large circulation attests its popularity. It is designed for children, and it is always full of pure and pleasant things for the little ones. Price, school subscriptions, to one address, \$20 per 100 copies, for the year. No subscriptions taken for less than a month.

Forward, the Sabbath-School Visitor and the Morning Star each being published twice a month, schools that so desire may have four papers each month. The older scholars can receive Forward and the Visitor each twice; and the younger pupils the Visitor and the Morning Star each twice. Then for the little people the Sunbeam comes every Sabbath in the year.

# BUSINESS DEPARTMENT.

This Department has charge of all the property of the Board, and conducts all its business operations. Of these operations, the most important are, first, the publication (manufacture) of books, tracts and periodicals, and, secondly, the placing of the publications on the market.

#### PUBLICATIONS.

According to the statement on p. 40 there have been published during the year 1,136,250 books and tracts and 20,764,822 periodicals, which, together with 8,150 copies of the Annual Report, make an aggregate of 21,909,222 publications for the year. There has been an increase over the publications of last year in books and tracts of 43,500 and in periodicals of 1,371,143, a total increase in books, tracts and periodicals of 1,414,643. There was an increase of 1,500 in the number printed of copies of the Annual Report.

#### PLACING ON THE MARKET.

This work continues to be performed, as was reported last year, by advertising in the leading papers of our own and affiliated denominations throughout the country, and through the agency of the main store in Philadelphia and twenty-two depositories and branch houses, eighteen of which are in our own land, three in British America and one in England. These agencies are as follows:

#### DEPOSITORIES AND BRANCH HOUSES.

Baltimore, Md., S. W. Harman, 14 East Fayette Street.
Boston, Mass., H. D. Noyes & Co., 13½ Bromfield Street.
Buffalo, N. Y., Otto Ulbrich, 395 Main Street.
Chicago, Ill., Chicago Depository, C. H. Whiting, 44 Madison Street.
Cincinnati, O., Western Tract Society, 176 Elm Street.

Cleveland, O., The Burrows Bros. Co., 23, 25 and 27 Euclid Avenue.
Denver, Col., Chain, Hardy & Co., 1609-1615 Arapahoe Street.
Detroit, Mich., J. E. Mason, 189 Woodward Avenue.
Harrisburg, Pa., S. W. Fleming, 32 North Third Street.
London, England, Publication Com. Pres. Church of England, 14
Paternoster Square.

Minneapolis, Minn., Clark & McCarthy, 622 Nicollet Avenue.

Montreal, Quebec, William Drysdale & Co., 232 St. James Street.

New York, N. Y., Ward & Drummond, 711 Broadway.

Pittsburgh, Pa., Board of Colportage, 706 Penn Avenue.

Portland, Oregon, J. R. Ewing, 69 Morrison Street.

San Francisco, Cal., The W. W. Brier Co., 42 Geary Street.

St. Louis, Mo., St. Louis Depository, Rev. J. W. Allen, D.D., 1107 Olive Street.

Syracuse, N. Y., George A. Mosher, 112 East Fayette Street. Topeka, Kan., Armstrong & Priddy, 825 Kansas Avenue. Toronto, Ont., N. T. Wilson, 31 King Street West. Troy, N. Y., Smyth & Co., 266 River Street. Winnipeg, Manitoba, W. D. Russell, 482 Main Street.

It should also be mentioned that our periodicals are still further brought to the attention of churches and Sabbath-schools through the medium of circulars addressed to pastors and superintendents. Our Sabbath-school missionaries also perform an important work in bringing all classes of our publications to the notice of those who dwell in missionary districts.

#### PERIODICALS.

Our periodicals, including the lesson helps, designed primarily for the use of Sabbath-school teachers and scholars, form an instrumentality of incalculable power, not only for beneficially influencing the young, but for the general diffusion of knowledge of the truth. Since the introduction of uniform lessons into our Sabbath-schools, the Westminster Teacher and other lesson helps have largely superseded the use of Bible Dictionaries and Commentaries. The information that formerly had to be sought by teachers and scholars in these volumes is now culled out by skillful hands, and is presented week by week to those that need it and as it is needed.

These periodicals form one great system which is not only

of inestimable benefit to the Church at large, but is remunerative to the Board. Some of these are published at a pecuniary loss; the deficiency, however, is more than counterbalanced by the gains upon the others. Lists of both these classes will be found on p. 41, in the balance sheet. The explanation of the amount of balances against one of these classes is the same as that given in preceding years—they are the accumulation of losses since the establishment of the papers. They are retained upon the balance sheet as being of the nature of investments. All these, with the exception of the German Leaf, give promise not only of reaching a paying basis, but of ultimately liquidating the charge against them. The deficit in the case of each for the year is as follows:

| Westminster Primary Lesson | s, . |  | ٠ | \$74  | 54 |
|----------------------------|------|--|---|-------|----|
| Westminster German Leaf,   |      |  |   | 492   | 64 |
| Forward,                   |      |  |   | 27    | 62 |
| Morning Star,              |      |  |   | 115   | 80 |
| Total deficit for the year | r, . |  |   | \$710 | 60 |

#### SALES.

| The sales for the year in books and tracts were | \$106,123 | 86 |
|-------------------------------------------------|-----------|----|
| The sales for the year in periodicals were .    | 134,981   | 89 |
| Total.                                          | \$241.105 | 75 |

This aggregate, as it includes credit sales, does not agree with the Treasurer's account, which account exhibits only cash received.

The aggregate includes not only the ordinary sales of the main house and of the depositories and branch houses, but all sales made to the Sabbath-school and Missionary Department for grants, and for all sales by Sabbath-school missionaries.\*

<sup>\*</sup> For the business relations between the Business and the Sabbath-school and Missionary Departments see p. 12; and for a full statement of the respective amounts of books, tracts and periodicals purchased by the latter Department for grants and sales, see p. 23.

There has been an advance in the total amount of sales upon those of last year of \$10,869.07—a decrease in the sale of books and tracts of \$3,086.28, but an increase in the sale of periodicals of \$13,955.35.

#### RECEIPTS AND EXPENDITURES.

The receipts into the treasury during the year from all sources were \$337,958.94. To this should be added the balance in the treasury April 1, 1889, making a total of \$422,642.71.

The entire expenditures have been \$352,999.29.\*

The balance in the treasury, April 1, 1890, is \$69,643.42. This balance includes not only the balance belonging to the different Departments of the Board, but also the one due to "The Church at Home and Abroad." The total balance belonging to the Business Department alone is \$29,671.85.

#### NET PROFITS.

The net profits of the year have been \$16,943.16.

Of this sum, two thirds, or \$11,295.44, has been placed to the credit of the Sabbath-school and Missionary fund, in accordance with the direction of the General Assembly. The remaining third, or \$5,647.72, has been added to the capital stock.

#### CAPITAL STOCK.

This, at the beginning of the year, amounted to \$506,481.04; it is now reported at \$512,128.76.

What was said two years ago in reference to the reported amount of capital, and which was repeated last year, it is proper here again to repeat, and by so doing to emphasize:

"Much of what is so reported is unproductive. It consists of books in the library; of stereotype plates of books for which

<sup>\*</sup> The apparent discrepancy between the preceding statements of "receipts" and "expenditures" and those given in the Treasurer's Report, page 42 ("cash received," \$433,938.15; "cash paid," \$364,294.73), is due to the fact that, in the report, each of the statements is increased by the amount paid over from the Business Department to the Sabbath-school and Missionary Department, viz., \$11,295.44.

there is very little demand; of printed sheets of books and tracts that cannot in any considerable degree be placed at once upon the market; of investments in periodicals that have not yet reached a paying basis; and also of real estate. The reported value of real estate, or in other words of the Publication House, is upwards of \$152,000. From the portions of this house not used by the Board, a large rent would naturally be expected by those not acquainted with the facts. In compliance, however, with the well-known wishes of the donors, offices free of charge are granted to the different Boards of the Church located in Philadelphia. The rent value of these rooms together with their heating and care cannot be less than \$8000 per annum. In reference to such rooms, the value of which is included in its capital, the Board acts as a trustee in the interest of the benevolent operations of the Church at large. It is probable that the working capital of the Board does not exceed \$200,000; and that even this amount, in view of the necessary line of the Board's operations, cannot be used for the accretion of profits with aught approaching the power with which it might be employed by an ordinary business publisher."

In reference to the use of the Publication House, it is deemed proper to insert the following extract from the Report of the Special Committee on the Board of Publication that was appointed by the Assembly of 1884, which report was issued to the Church by direction of the Assembly of 1885:

"The noble building occupied by the Board is not under its sole occupancy. It is shared in common with the Boards of Education, Ministerial Relief, the Woman's Foreign Missionary Society and the Presbyterian ministerial brotherhood of Philadelphia generally, yet is kept in repair, heated, lighted and its taxes paid out of the earnings of the Board of Publication. In this estimate the choice rooms of the second floor, covering the entire Chestnut Street front, are occupied by the Board of Education. The Board of Ministerial Relief occupies an adjacent room, 13 by  $38\frac{1}{2}$  feet in size. A large assembly-room, occupying the entire Sansom Street front, is reserved for

public meetings of presbyteries, ministers' meetings and women's prayer-meetings, and a large room across the hall is reserved for committee meetings. On the third floor two rooms, 13 by  $38\frac{1}{2}$  feet in size, are occupied by the Woman's Foreign Missionary Society."

Since the issuing of the report from which the foregoing paragraph is quoted, a large room in the third story has been appropriated to the Editor of "The Church at Home and Abroad," and an additional room in the fourth story to the Board of Ministerial Relief.

# PROFITS AND BENEVOLENT CONTRIBUTIONS OF THE BUSINESS DEPARTMENT.

If the \$8000 remitted in rent be added to the net profits of the year, namely, \$16,943.16, the aggregate amount would be \$24,943.16, or ten per cent. upon an active capital of \$250,000.

If the \$8000 remitted be added to the \$11,295.44 contributed to the Sabbath-school and Missionary Department, the total amount contributed by the Business Department to the benevolent operations of the Church would aggregate \$19,295.44.

#### THE CHURCH AT HOME AND ABROAD.

At the request of the committee appointed by the General Assembly, the Board continues to be the publisher of this magazine. The relations of the Board to this publication are, however, different from those which it sustains to other periodicals for which it is directly responsible.

The editor of the magazine is selected by the Assembly's committee, and he works under its general direction, as does also the Board itself, in this particular. The Board is an agent, rather than the principal, in this connection, and assumes no pecuniary responsibility in the matter.

No charge has been made by the Board for anything except actual expenditures directly on account of the magazine, and every effort has been adopted, through the machinery of the Board, to further the success of the enterprise.

The amount of receipts\* of the magazine for the year was \$25,222.16. The number of copies published was 240,314.

<sup>\*</sup> This includes the amounts received from subscribers and from the several Boards.

C. T. McMullin, Treasurer.

PHILADELPHIA, April 1, 1890.

The undersigned have examined the account of the Treasurer of the Trustees, and find it correct. The balance of cash in the hands of the Treasurer is twelve thousand six hundred and seventy-six dollars and six cents (\$12,676.06). They have also examined the securities in his hands, amounting to seventy-one thousand dollars (\$71,000), and find them in the name of the Corporation.

CHARLES II. BILES, WILLIAM W. ALLEN, FRANCIS B. REEVES,

PHILADELPHIA, April 18, 1890.

### DIRECTIONS FOR CORRESPONDENCE.

Letters relative to the general interests of the Board, also all manuscripts offered for publication and communications relative thereto, excepting those for Sabbath-school library books and the periodicals, should be addressed to the Rev. E. R. Craven, D.D., Secretary.
